

WEBINAR

Building community to leverage African scholarship and increase visibility of African research expertise.

[Aphrike Research](#) and [AfricArXiv](#) are thrilled to invite you to their first joint webinar on: **Building community to leverage African scholarship and increase visibility of African research expertise.**

The 90 minutes seminar will allow attendees to engage in in-depth discussions regarding raising the visibility of African research expertise to a wider global community. The event will be of relevance to academics, research managers, research students and policy makers.

The keynote lecture will be followed a moderated discussion on the theme of developing a community to harness African scholarship and raise awareness of African research expertise.

Date: 12 May 2022

Time: 13:00 SAST
